

# Watching Hoarders Hitting Too Close to Home?

The USU Psychology Department is conducting a study on the effect of a one-session intervention for compulsive hoarding or saving behavior. Participation involves submitting online questionnaires

and completing a controlled study session. You must be 18 years or older to participate. The study will take 3–4 hours of your time. You may receive SONA credit for your participation.

If you are interested or have questions, please contact Clarissa Ong at **435-797-8303** or **clarissa.ong@aggiemail.usu.edu**.
